

THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

27 January 1982

NOTE FOR: C/LLD/OEA
C/CS/DDI

This is to inform you that Mr. Edward Fox of the House Foreign Affairs Committee called to inform me of their briefing this afternoon and that they wanted me to appear.

My office informed Mr. Fox that the Agency was sending other individuals and that I was involved with the DCI in a Worldwide Briefing of the House Armed Services Committee which could go on all day.

cc: DDCI

JWD:

There was a clear understanding with the committee that the other briefers were the ones the Agency was sending. I'd talk to the HFAA Staff about this "end run" attempt.

The briefing went off well and I've briefed [redacted] on how it went for his info. [redacted]
